Date

Please submit this enrollment form to the office by Friday September 16.

You will receive billing and payment information after enrollment has been confirmed—note that we need a core group of participants to have enrolled to begin this programming—your help in spreading the word is appreciated. Once classes have begun, you may add-on enrollment at anytime—please see the office for further information.

Although we deeply regret when this happens, please note that if the Temple is closed due to the weather then the After School program will not be held or re-scheduled.
